### Advantages over other online payment services

- AUTOMATICALLY RECORDS PAYMENT, AS WELL AS DISPOSING, SENTENCING AND CLOSING PLED CASE information in JIMS. This information shows up online within minutes.
- Because payors use  to find the right case, you never get a payment for the wrong case or county.
- Payors have no need to mail-in a plea, which means less paper for your office to process.
- Accepts MasterCard and Discover, and VISA for e-plea payments.

### Another big advantage: The E-PAY Reconciliation screen

When payments are taken through other services used by Illinois courts, the court's copy of the receipt does not indicate which deposit the payment went into, so the court has no way to reconcile the payments with the deposits and ensure that they actually received the money for every receipt.

But with our special reconciliation tool, you can compare your statement of bank deposits to the e-pay transactions in JIMS, which are shown grouped by the batches which form the various bank deposits made for the day. This makes reconciliation easy!

After reconciling all deposits, a reconciliation report will be produced, and you can transfer the total amount of the Clerk's payments from your bank clearing account to your main disbursement account. Reconciled payments are disbursed at the end of the month, just like any over-the-counter payments you received.

## More features

- You receive an email of every payor's receipt when a transaction has been processed. Case number shows in the email. It also shows in the reconciliation screen, which helps out on people with multiple cases.
- Each payment gets specially marked in JIMS to ensure that it isn't disbursed until it's reconciled with the credit card company's deposit, which always lags by 1-3 days. With other e-pay services used in Illinois, the only way to avoid disbursing money you do not yet actually have is to delay your manual entry of payments for 1-3 days.
- You can run a Driver's License Return Report to readily show cases where a bond, such as Driver's License or bond card, was used and needs to be returned.

- The program even automatically re-classes/applies bonds.

## Get started with E-PAY

Start immediately with the e-pay service to allow payments on cases with existing A/Rs. The e-plea service will take a bit longer to implement, due to a 3-4 month AOIC approval process, so plan ahead.

## The online e-pay process from the payor's perspective

### Step 1

User locates their traffic ticket online.

### Step 2

User confirms their identity.

### Step 3

User pleads guilty.

### Step 4

User pays ticket online with a credit card.

### Step 5

Disposition and payment are recorded in JIMS and show up online.

### Refund Policy

Please select from the following options:

**PLEAD GUILTY.**

Charge: DRIVING 15-20 MPH ABOVE LIMIT

Yes, I plead guilty to the above charge. I understand that I am entering a voluntary electronic plea of guilty which satisfies the requirement of a written plea of guilty as provided in Illinois Supreme Court Rule 529. **DO NOT APPEAR IN COURT.** I understand that I **will not be eligible for court supervision.**

By submitting this electronic acknowledgment, I do hereby plead guilty to the charge identified herein and noted on the front side of the ticket issued to me. I understand that I hereby waive my right to a trial, that my electronic acknowledgment to this plea of guilty will have the same force and effect as a judgment of the court and that a record will be sent to the Secretary of State of Illinois (or of the State where I received my license to drive). I hereby **PLEAD GUILTY** to the said offense on the ticket, **WAVE** my right to trial, and agree to pay the penalty required.
